

NAUTILUS FLOATS

PIPE AND LINE FLOATS

Nautilus' Pipe and Line floats with patented Grip-Tite™ design consist of two filled, molded polyethylene halves and assembly hardware.

Line and hose floats are ideal for:

- fuel lines
- electrical lines
- hose lines
- safety & barrier fences and other applications

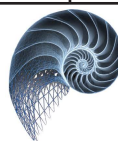

Patented Multi-Faceted Grip-Tite™ Design

- Multi-faceted inner core increases grip
- Tapered nose design reduces drag on float.
- Adjusts to multiple pipe diameters - 2" - 5"
- Weather resistant polyethylene (HDPE).
- Replaces rusted & damaged steel pontoon floats.
